

University of Stuttgart

Stuttgart Research Center Systems Biology

07.11.2024 – 16:00 CET

Prof. Dr.-Ing. Alexander Grünberger

Karlsruher Institut für Technologie (KIT)

Microfluidic single-cell cultivation:

More than just analysis of single cells?!

18.11.2024 – 14:00 CET

Prof. Gregor Neuert

Vanderbilt University, Nashville, USA

*Understanding mechanisms of cell signaling
and gene regulation in single cells*

02.12.2024 – 14:00 CET

Dr. Clemens Kreutz

University Medical Center Freiburg

*Advancing and Assessing Modelling- and
Analysis Methods in the Context of Systems
Biomedicine*

13.01.2025 – 14:00 CET

Dr. Joanna Jachowicz

IMBA- Österreichische Akademie der Wissenschaften

Short stories about long RNAs

10.02.2025 – 14:00 CET

Dr. David Bryant

CRUK Scotland Institute, University of Glasgow

The cell biology of PTEN loss-associated invasion in ovarian cancer

Systems Biology Seminar

**Program
Winter Term 2024/2025**

**Lecture Hall 0.106
Allmandring 31**
