Stuttgart Research Center Systems Biology

07.05.2025 – 10:00 CET

Prof. Dr. Ingrid Span

Friedrich-Alexander-Universität

Erlangen-Nürnberg

*Catalysis at the Interface of Biology and
Inorganic Chemistry*

Thursday, 15.05.2025 – 14:00 CET

*Only this talk: Allmandring 31, Room 1.177 UG
Institute of Biochemistry*

Dr. Dr. Stefan Kallenberger

University of Heidelberg, Systems Medicine

*Model-based trajectory optimization of
treatment regimens in chronic diseases*

28.05.2025 – 10:00 CET

Jun.-Prof. Dr. Nieves Peltzer

University of Stuttgart – Institute of Biomedical
Genetics

*Ubiquitination at the crossroad of cell death and
inflammation in health and disease*

09.07.2025 – 10:00 CET

Prof. Dr. DZ Diana Machando de Sousa

Wageningen University and Research

Engineering Microbial Partnerships for Syngas Fermentation

16.07.2025 – 10:00 CET

Dr. Ph.D. Anthony Hessel

Universitätsklinikum Münster

*Shining a light on muscle force production in cardiac and
skeletal muscle: Leveraging small angle X-ray diffraction to
accelerate translational*
